Rumenade® P

Ruminal Efficiency

Multiple benefits in one product.
Treats the digestive disorders, recovers the animal and balances ruminal microflora

Effective treatment of tympanism, it contains dimethylpolysiloxane, a anti-foaming agent.

It contains prebiotics and probiotics for optimal fermentation and ruminal efficiency. A healthy rumen is synonymous with productivity and profitability.

The presence of vitamins AD_3E and B complex in its formulation has positive effect on the functioning of the organism.

Dosage and Administration

Administer orally or by intraruminal route by means of nasogastric tube or drenching bottle.
Dissolve 1 sachet of the product (100 g) in sufficient water and shake well.
Administer according to the discretion of the veterinarian.

100 g every 12 hours	50 g to 100 g every 12 hours during 3 days
