Porcimec® 2 Px

Ivermectin 1%, Fenbendazole 10%

Broad-spectrum antiparasitic specifically for swine

Premix

Dual-action **endectocidal anthelminthic combination** for in-feed medication

Specialized premix formulated with **ivermectin and fenbendazole** that work complementarily to deliver maximum antiparasitic efficacy.

Safe for use across all production stages: nursery, growing-finishing, lactating and pregnant sows, and breeding boars.

Treatment of choice for the controlling internal and external parasite infestations.

EXCLUSIVE USE FOR SWINE

Avivet®

Porcimec® 2 Px

Ivermectin 1%, Fenbendazole 10%

Premix
