

NutroMix®

Oral gels  

Oral gels enriched with vitamins, minerals, amino acids, lipids, and other essential compounds, which offer tailored care for the distinct needs of your pets. Their high palatability and user-friendly administration make them easy to manage both for dogs and cats.

Vitality and energy

Nutromix® Daily Multi

Balanced formula suitable for all life stages, enriched with malt extract, vitamins, and minerals.

- › Enhanced vitality and energy
- › Comprehensive nutritional support

HYPER-PALATABLE, MEAT FLAVOR

Specific care

Nutromix® Lysine+

Supplement exclusively for cats, based on lysine. Strengthens and ensures the proper functioning of the immune system.

- › Supports and strengthens respiratory functions
- › Enhances eye health and function

HYPER-PALATABLE, FISH FLAVOR

Caloric value

Nutromix® High Calorie

High-calorie supplement based on malt syrup, oil and highly bioavailable and digestible chicken paste, designed for pets with high energy requirements.

- › Supports optimal physical performance
- › Perfect for times of stress, recovery, pregnancy and nursing

HYPER-PALATABLE, CHICKEN FLAVOR

Specific care

Nutromix® Hairball Remedy

Intestinal lubricant with laxative effect. The inclusion of omega 3 in its formulation enhances skin and fur health, preventing hair loss and thereby reducing the risk of trichobezoar formation.

- › Reduces hair shedding during grooming
- › Maintains skin balance and strengthens the skin barrier, promoting healthy skin and lustrous coat

HYPER-PALATABLE, FISH FLAVOR

Healthy skin and coat

Nutromix® Skin + Coat

Supplement rich in omega 3 (EPA, DHA, ALA), omega 6, B complex, vitamins A, D3, and C; as well as amino acids and minerals. Ideal for promoting healthy skin and lustrous coat.

- › Supports the synthesis of keratin and collagen.
- › Aids in dermatological treatments.
- › Enhances skin hydration and elasticity.

HYPER-PALATABLE, FISH FLAVOR

Joint care

Nutromix® Hip + Joint

Supports anti-arthritis and anti-arthritic functions, promoting joint health. Ideal for dogs prone to joint issues. Formulated with Glucosamine HCl, Chondroitin Sulfate and Calcium.

- › Chondroprotective agent and joint lubricant
- › Provides anti-inflammatory and analgesic benefits. Enhances blood circulation and minimizes muscle spasms.
- › Boosts collagen and proteoglycan production.
