Indications

Exogenously meets the nutritional needs of dogs with special dietary requirements. Its action is also immediate due to the high bioavailability and stability of vitamins and minerals. Specially developed to meet the nutritional needs of geriatric dogs.

Dosage and Administration

Orally administered, daily after 8 years of age, at rate of: Dogs least 9 kg: 1/2 tablet; Older dogs of 9 kg: 1 tablet per 9 kg. Because of its high palatability, it can be administered immediately before meals or disintegrated and mixed with them.

Commercial Presentation

Bottle x 100 tablets, Bottle x 60 tablets,
