VETPRO® DERMACARE CYPERMETHRIN + MICONAZO

Medicated Shampoo

Ectoparasiticide - Antifungal

Formulation

Each 100 mL contains: Cypermethrin 1 g, Miconazole Nitrate 2 g, Excipients q.s.p 100 mL

Indications

Thoroughly wet the animal with clean water and apply and massage Vetpro® Dermacare Cypermethrin + Miconazole Shampoo on various points of the coat, especially in areas where lesions are evident and around the lips, under the tail and between the toes (avoid contact with sensitive areas such as eyes and ears). Use enough shampoo so that it forms a good amount of lather on the coat and skin, and then proceed to rinse well with clean water and dry, in a warm place without drafts.

Dosage and Administration

Dermal topical route through use in the bathroom. Strictly follow all instructions provided by your veterinarian or pharmacist while using Vetpro® Dermacare Cypermethrin + Miconazole Shampoo. As a general rule, use the shampoo twice a week for 4 weeks or until symptoms subside and weekly thereafter or as needed to keep the condition under control.
